

I-93 CTAP Agency Resources Listing

NEW HAMPSHIRE COMMUNITY DEVELOPMENT FINANCE AUTHORITY (CDFA)

CDFA is primarily a funding organization. It administers two programs that assist in financing economic development, community development and housing projects in New Hampshire. The two programs are:

- NH Community Development Block Grant (CDBG) program
- NH Investment Tax Credit program

Each program has its own set of rules & regulations guiding the distribution of funds. Typically, applications are scored on a competitive basis prior to awards being made. Potential applicants are encouraged to review specific requirements by visiting the CDFA web site at www.nhcdfa.org.

CDFA also collaborates with Regional Development Corporations and Regional Planning Commissions around the state. Very often CDFA funding is leveraged with resources from these organizations to effect successful project development.
